# Homestay in Seoul

Living with a Homestay family in Seoul is the perfect way to compliment our language classes and provide a truly immersive environment. You will experience a whole host of activities with your homestay family.

## Mini Apartment (Goshiwon)

Our Mini Studios come with a private bathroom and shared kitchen facilities. Furniture and fittings are quite basic and most are used by university students requiring a quiet place to sleep and study. Centrally located a mini studio is a great budget option, however they are not as immersive as a homestay.

## Serviced Apartment

Centrally located in the Gangnam area, our serviced apartments come with access to a fitness studio and private kitchen. The living and bed room are separated with a sliding door and you have your own laundry facilities in the apartment. A serviced apartment offers a lot of privacy and great facilities, but not that much in terms of immersion.
