Plymouth

Meridian School in Plymouth is based at the Swarthmore Centre, a beautiful historic building dating from 1919, built by the Quakers for educational purposes.

The city

Britain's Ocean City is located by a stunning waterfront and harbour with quaint cobbled streets and picturesque views. It is home to three universities, to the Mayflower Steps, from where the Pilgrim Fathers set sail on their maiden voyage to the New World in 1620, and is the gateway to scenic Dartmoor National Park.

Plymouth is also home to the Box, a symbol of the city's current regeneration and a museum for the future. According to the Arts Council, the Box is the most innovative UK building project of the last decade.
