About us

ProBa Educational Centre was established in 1995 and has developed a reputation for its friendly and personal atmosphere, together with its attention to high academic standards of Russian teaching. At present ProBa is one of the leading institutions offering academic courses of the Russian Language for Foreigners and intensive language practice.

The most famous are our Individual (One-to-One) study programs. Some of them include language practice on topical questions depending upon the personal needs of students. Using the direct teaching method as the basis for classical academic education, we also offer our own exclusive, Russian Language audio courses and computer programs, which assist students in gaining fast and maximum progress as well as excellent results even during short-term courses. Our Russian classes are open all year and offer a combination of pronunciation work, grammar and vocabulary input and speaking, reading, writing and listening skills. The school is open

throughout the year with classes at all levels from beginner to advanced.

All our teachers are certified as the teachers of Russian for Foreigners, know at least two foreign languages and many of them have some scientific works and publications in the sphere of Philology. The classes are held in new modern classrooms. Our students are people of different ages and occupations from European countries, the USA and Japan.

Our school is located in the very heart of the city-centre: near Nevsky Prospect – the main street of St. Petersburg. The State Hermitage, Kazan Cathedral, Russian Museum, Church of the Spiled Blood are all within easy walking distance.

Located in the very centre of the city, ProBa is one of the most central language schools in St. Petersburg. Learn to speak and understand Russian in a historical building in Central St. Petersburg – maybe the best location in the city for a language course! Walk to the Nevski Prospect, Kazan Cathedral, Summer Garden or Hermitage in minutes!

Students are within easy walking distance of shops, museums, galleries and a wide choice of restaurants, bars and cafes. However, our goal is to give the student more than just Russian Language Tuition

Group Courses

We offer courses in small group

During the course we offer rich cultural program including excursions and tours to other Russian cities. Some excursions are, so called, study excursions, when a guide uses “adapted” Russian to help the students not only get some extra vocabulary knowledge, but also to practice there conversational skills. These excursions are arranged in the way that even a beginner will not waste the time but enlarge his Russian vocabulary. Study excursions are the part of the educational program and usually are devoted to different topics covered in classrooms.

Our Travel Office can help you to organize train tickets, accommodation and excursions in any Russian city.

For a serious Russian language school in Central St. Petersburg, we offer low prices, plus a superb location. Whatever your reason for studying our goal is to make sure that you enjoy your course and receive the maximum benefit from your time in Russia.

Our district - Nevsky Prospect

Nevsky Prospekt is the main thoroughfare of the city. It was the most illustrious embodiment of the grandeur of the capital of the Russian Empire, the development of a capitalist city, the tragedy of the siege and the turbulent political life of the recent years. The largest museums and libraries, theatres and concert halls, shops and banks, hotels and restaurants are located on this street.

Our school is located in short walking distance from following metro stations: Mayakovskaya, Gostinny Dvor, Nevsky Prospekt, Dostoevskaya, Vladimirskaya.

Learn Russian at ProBa - near Nevsky Prospekt - it's meant to be in the focus of cultural life, business activities and public amusements of St. Petersburg.

The Kazan Cathedral

State Hermitage is located in few minutes walk from the school.

The collection of the State Hermitage includes more than three million works of art and artefacts of the world culture. Among them are paintings, graphic works, sculptures and works of applied art, archaeological finds and numismatic material.

Which course for whom?

You are welcome to choose any type of our courses. The school is open all year round, we do not have holidays and in all cases you'll have reserved number of lessons.

GROUP COURSES and LIVING AT THE TEACHERS HOME COURSES are orientated primarily on participants with medium, little or no knowledge of Russian.

For advanced students, Russian language teachers, and interpreters, we offer a custom-designed INDIVIDUAL COURSES. Individual programs are also more suitable for Senior students.

For members of the international business community we present a specially developed, highly intensive CRASH COURSE.

Mini - Group courses

This course includes 20 lessons per week. "Direct Communication" methodics and interactive studying principals ensure rapid and excellent results in the process of education. To check the level of the Russian Language knowledge each student passes the entry test on the first day of studies.

The test results are the basis for groups' formation. Besides, each student has the possibility of having additional individual lessons which are not included in the course fee and should be booked on the spot. Normally we have 4-5 students per group. The maximum group size is 8 person.

Instruction in small groups increases the amount of instructional time that the teacher has to spend with each student during the lesson. This allows for increased interaction between the teacher and the students. You feel more comfortable in asking questions in our Mini Group Russian Courses, respond more frequently, and receive more corrective feedback. New groups start every Monday. Absolute beginners start every first and third Monday of the month.

Live and have the language course at the teacher's home

The ProBa Language Centre offers you the language course at home by our carefully chosen qualified teachers.

The main concept of this course is that a student spends practically all the time with the teacher and has excellent possibilities for a very serious language practice. This course comprises 20 individual lessons per week.

Lessons are given at the teacher's home, where a student lives. The timetable is jointly determined by a student and a teacher. The quality of the course is guaranteed by the educational system of our company. The students may take part in all additional cultural activities offered by our school.

Individual Standard and Semi - Intensive Course

Study and Work in Russia- Russian Project

We offer you the unique opportunity of participating in a highly intensive Russian Language course and practical work.

Practical Work at Hospital

We offer our clients to spend some time working as volunteers at one of the St. Petersburg hospitals. This is quite a usual and ordinary state hospital for people suffering from different diseases. There are two main departments in the hospital: Therapy and Surgical. According to our program volunteers will help people staying at the Therapy department of the hospital and geriatric center of St. Petersburg

During the certain period of time volunteers will act as ordinary nurses and work hand-to-hand with the Russian personnel of the department. Together with their Russian colleagues our volunteers will do their best to bring sick people back to normal life. This is really hard but noble job.

Usually our students work at the department of the Intensive Therapy assisting the Russian physicians in their everyday work. It is possible to work also at the General Surgery Department. The best way to have some short-term language and medical practice in Russia is to work as an assistant to a physician and to carry on usual procedures which occur at the Intensive Therapy Department. For students of medical universities we organize medical practice in Russia.

Practical Work - Teaching in Russia

This project is targeted at participants willing to spend more time in Russia to achieve the high level of the Russian Language and to be engaged in practical teaching process of foreign languages to the Russian students. We invite you to have teaching practice with our Russian students. The average group size is 8 person.

The main aim of the project is to let students - as well as teachers - to understand the ways and methods of teaching in different countries of the world, to exchange views and opinions and to get an additional life experience.

Try yourself as a teacher, test you abilities to adapt and learn!

All positions/practice are offered on the volunteer basis - not paid positions.

Host Family

We have a list of carefully chosen Russian host families in St. Petersburg working for our school. All rooms are personally checked by staff and must meet strict criteria before being included in our database. Each participant is accommodated in a single room having all the necessary conditions for rest and study.

Twin and Double Rooms are available on request. There are telephones with international access in all the apartments. The price for accommodation includes two meals - breakfast and dinner.

All our host families have apartments in the center and in the neighbourhood to a metro (underground) station. Accommodation with a Russian family is integral part of the language learning experience. This is the most suitable variant for those who are willing to understand spoken Russian perfectly as members of the families know usually a little of a foreign language.

All rooms are single. By special arrangement we can also provide twin or double room. You will have access to the communal parts of the house or flat. You will also be given your own front door key. All our homestays are conveniently located in the city-centre.

The hosts are Russian native speakers and you will be expected to speak in Russian in the family home. Hosts also reflect the diverse nature of the population of St. Petersburg and you can for example select a host with or without children, or a retired host, who may have more time on their hands to interact with you.

We recommend accommodation in the host family with two meals/day, because otherwise you should lose your time every evening to find appropriate cafe. Here is just one kitchen-dining room in Russian apartments, and it is an inconvenient situation when the host family will have dinner but you should wait in your room and then prepare something for yourself.

Also Russian women usually are not really happy when somebody uses the family kitchen and manages a household.

So half board is always included in the homestay and you're welcome to the evening dinner together with other members of the host family.

Student Hostel - Dormitory

The participants also have the possibility of living in a Students' Hostel which is located in the centre of the city. We can accommodate our students in **double and single rooms**.

During the low season it is possible to be accommodated in double room for single use without any extra fee. Meals are not provided by the Hostel, but there are a lot of cafes on the Nevsky Prospect. We recommend our Youth-hostel because of centrally location. Living in the heart of the city you'll have more possibilities for

rest and sightseeing tours.

All the rooms are clean and have necessary conditions for rest and study. The big kitchen, duce and WC are common in the block.

Participants should specify the preferred variant of accommodation in the enrollment form. We can not always accommodate a student according to his/her desire as in summer, for example, hotels and hostels sometimes have no vacant rooms. Please, inform us of your desire to live in a hotel or hostel as earlier as possible. We offer special conditions for the group.

Apartment for rent and Shared student flat

The school have the possibility to accommodate students in our shared flats as well as in the apartment for rent. All accommodations are located in the city-centre and not far from the school.

Our hostel. Double room

Our hostel. Reception.

How fast could I study Russian?

The process of studying the language in the country where its the native language is the most effective way to reach the desired level. The final result depends upon the level of knowledge a student had before and his/her desire to follow the teacher's instructions. The knowledge of the ABC is welcomed but not necessary in our school. You can start from the absolute "0". The process of education is arranged in the practical way for a student to use Russian in his/her everyday life - in the host family, during the excursions and just in the streets. The most effective type of the course is our Individual Courses. Their program is designed depending on the student's personal wishes and desires. But our Mini-Group Courses also give great possibilities for mastering communication skills.

For most international students, money is always a major concern as you need to pay for flights abroad, tuition and all the other many related expenses of living and studying in Russia. Luckily we are here to help with our Student Card which provides you with a student discount in our city. You can save a considerable amount (ex. visit to the Hermitage is free for our students). All our students get the student card free of charge.

Cafeteria

The school offers tea, coffee and bottled water during the breaks free of charge. Those willing to have full lunch, we recommend to visit various cafes located in around the school. Moderate prices, a lot of young people and students. The good vegetarian café is located just opposite the school.

Learn about yourself, be independent!

Studying abroad is an occasion to challenge yourself with new situations that will test your abilities to adapt and learn. You may find yourself questioning some of your most long-held beliefs. All you need to succeed is an open mind and a good sense of humor.

Good teacher, good group, good family, good course material, good atmosphere, value for money, very helpful! I only come back if I can stay again with my host family - two very nice and interesting people!

I highly recommend this school. High quality education at a fair price. Teachers with a real interest in their students, also after school is out. Not only commitment, but really involvement.
