Study and graduation trips

End of year and graduation trips are one of the most interesting and enriching experiences in a student's life. However, planning them can take a lot of time and effort. Where shall we go? How will we get there? Where will the students stay? The team at Route 66 Idiomas can help you to organize a trip for students of any age that will appeal to all. You will save time and pave the way for a study trip that will be an unforgettable experience.

Route 66 Idiomas

Our language school is located in the centre of Valencia and is accredited by the Instituto Cervantes. In addition to Spanish, we also teach English and Valencian. Our students come from all over the world as well as from local businesses and universities. We hope the photos in this leaflet give you a brief impression of Valencia and some of the most popular free time activities enjoyed by our students.

Valencia

Valencia, the third largest city in Spain, is located on the Mediterranean coast and has a lot to offer visitors. From a beautiful historic centre with picturesque narrow streets, to futuristic architecture, the city has something for everyone. One of its main attractions is the famous "City of Arts and Sciences". The Mediterranean climate, with 300 days of sunshine a year, means that life is lived outdoors in the city's streets and parks and on its beaches.

Valencia is also known for the depth of its culture and its delicious cuisine. The city is home to many restaurants, bars and clubs which boast a Mediterranean and cosmopolitan vibe. The local nightlife is diverse and lively. Events such as the annual "Fal-las" festival or the Formula 1 motor racing attract tourists from all over the world. The city's universities give Valencia a young and international atmosphere. The public transport network, made up of the metro, bus and bicycles (the "Valenbisi" rental system), allows visitors to get around the city with ease. Valencia has something for everyone!

Offer for schools

Our module system allows you to design a programme tailored to your group. You can combine our Spanish classes with various extra-curricular activities. In this way we aim to encourage our students to use what they learn in the classroom in real situations, broadening their language skills and cultural knowledge. In addition to the time spent in Spanish classes, the educational value of our programmes lies in encouraging students to continue learning outside the classroom.

Spanish classes

Classes are tailored to the needs and level of the student(s). We work with you to choose the subjects to be covered. Our qualified and experienced teachers know how to create a productive and pleasant class environment.

Programme modules

The following tables show you the different modules we offer in our course programmes:

Transport

We can help you arrange all the transport you need

Bus

Flights

Accommodation

Stay as long as you like

Host family

Full board

Flat

Half board

Hostel

Bed and breakfast

Hotel

Spanish classes

Class content to be agreed

Mornings

2h / day

Timetables tailored to your needs

Lunchtimes

4h / day

Afternoons
