# The City

## RAVENNA, ONE OF THE MOST LIVEABLE CITIES IN ITALY

Art, culture and the most beautiful mosaics in the world are all contained in a small but wonderful town, where the spirit and **traditions** of Italy can be found at every corner.

The priceless works of art from Ravenna's extraordinary past are jealously guarded in the city's museums and historical buildings, eight of which are **UNESCO** World Heritage Sites.

A romantic, calm and orderly city, Ravenna is located just a few kilometres from the Adriatic Riviera, Europe's liveliest and most **fashionable** leisure areas.

Ravenna is certainly the ideal place for a **relaxing** study-holiday stay.

# Free time

## LEARN AND PRACTICE THE ART OF LIVING LIKE AN ITALIAN

The quickest and most effective way to learn a language is to study the language in the place it is spoken.

Therefore, our extracurricular activities – both cultural and leisure – make a major contribution to **effective learning**.

To help students to make best use of their free time, we offer a twice-weekly programme of activities, which is comprehensive but not intrusive. These activities help students firstly to make friends and then to **use Italian** in every aspect of their daily life as much as possible.

# Accommodation

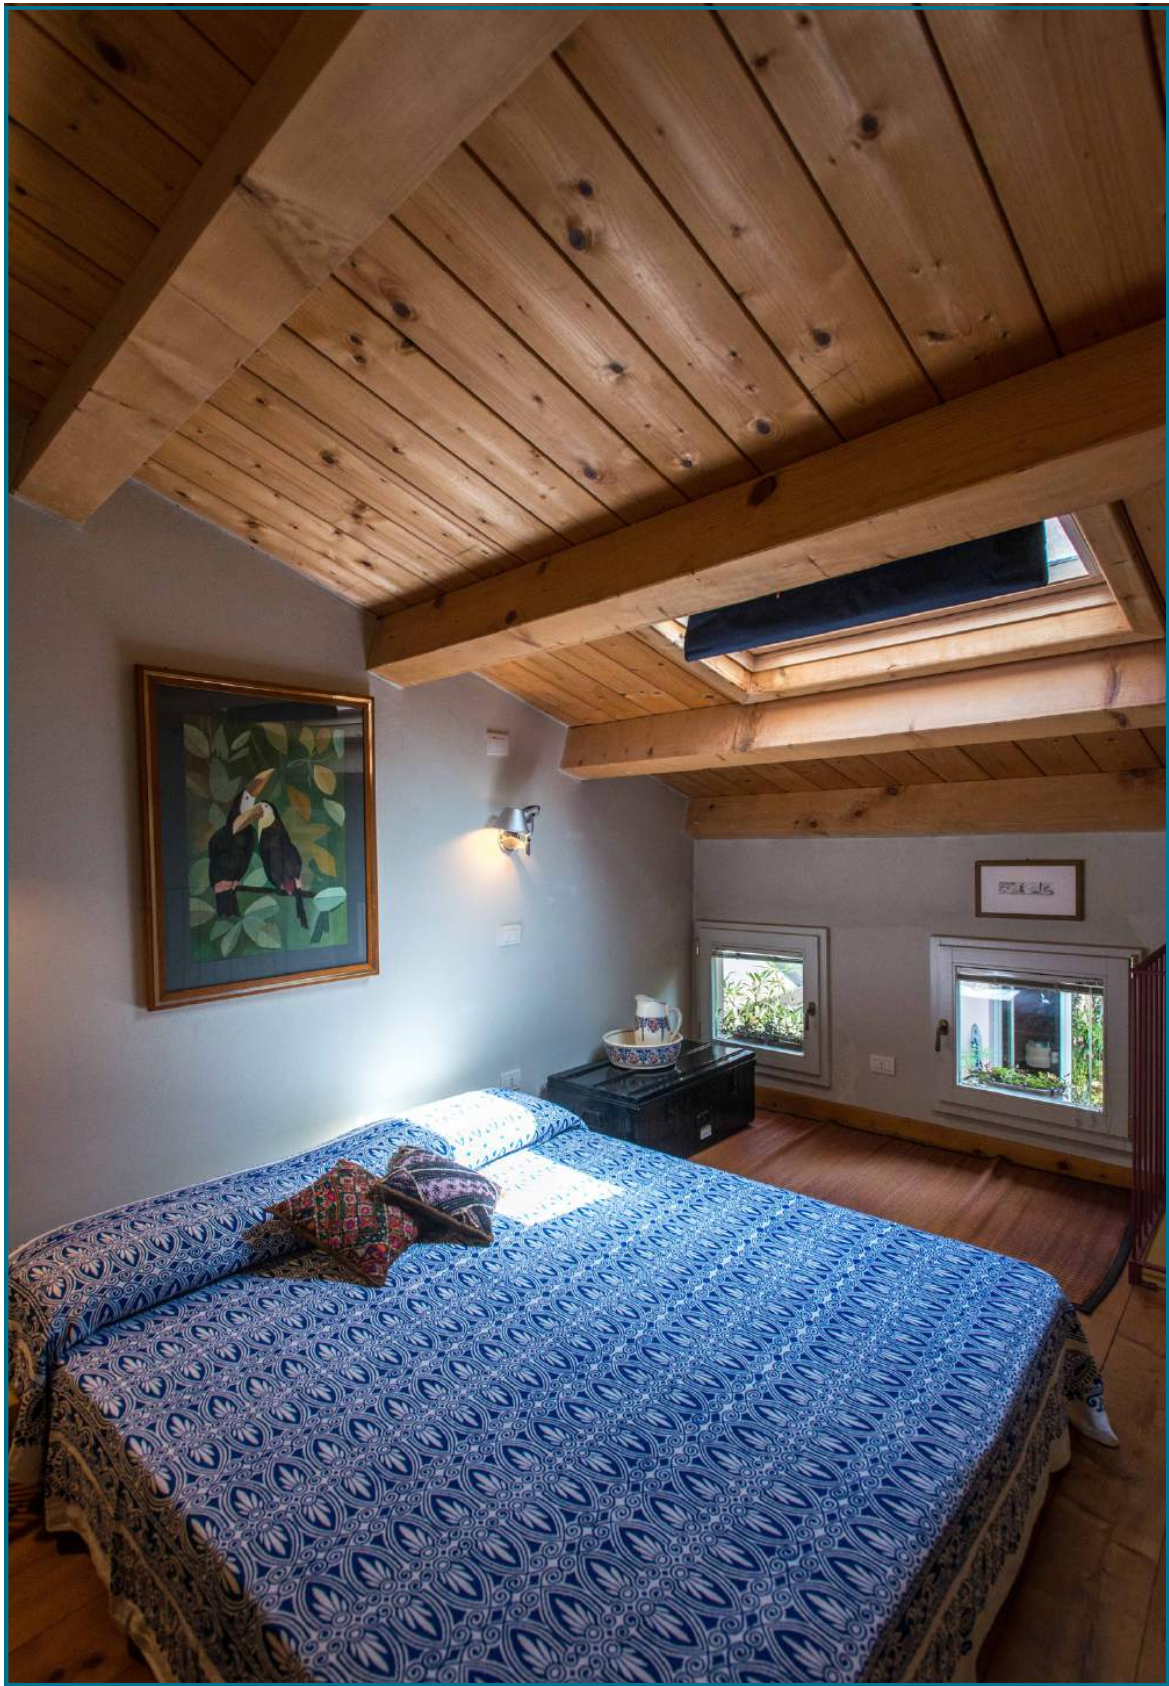

## WE MAKE THE STUDENTS FEEL COMPLETELY AT HOME

The families providing accommodation are warm, open and **enthusiastic** about spending time with their foreign guests.

Our staff constantly monitor the accommodation carefully to ensure that the expected level of **quality** is maintained.

Single or double rooms are available with shared bathroom. We can also offer “executive” type rooms, which are larger and have a private bathroom.

For those desiring greater independence, we can also offer flats, B&B and all kind of hotel.

# Mosaic

## THE HOME OF THE MOSAIC

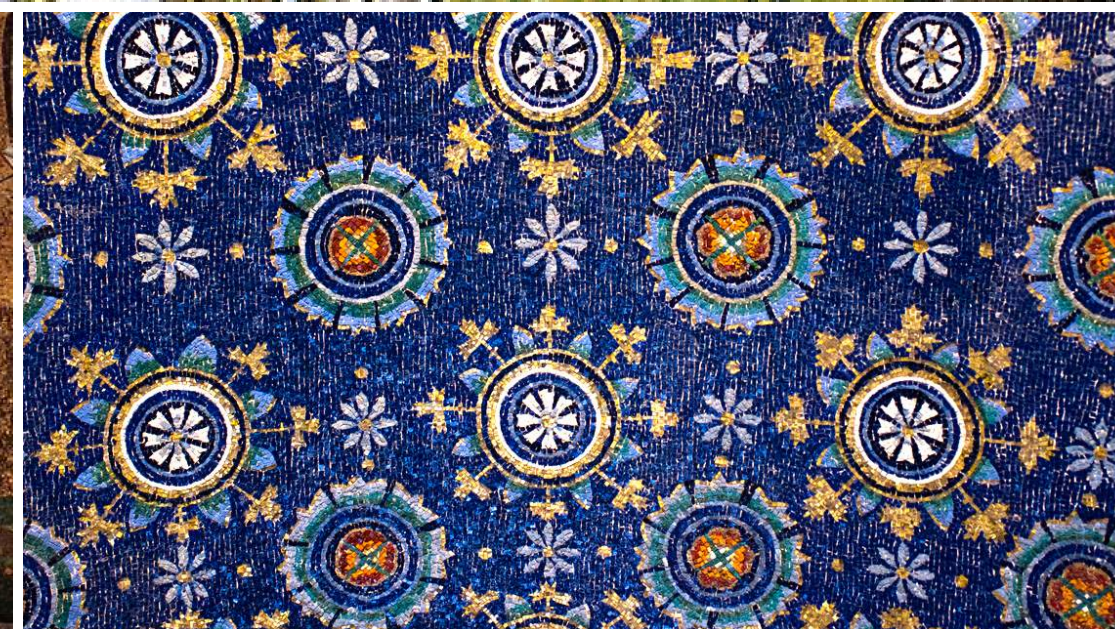

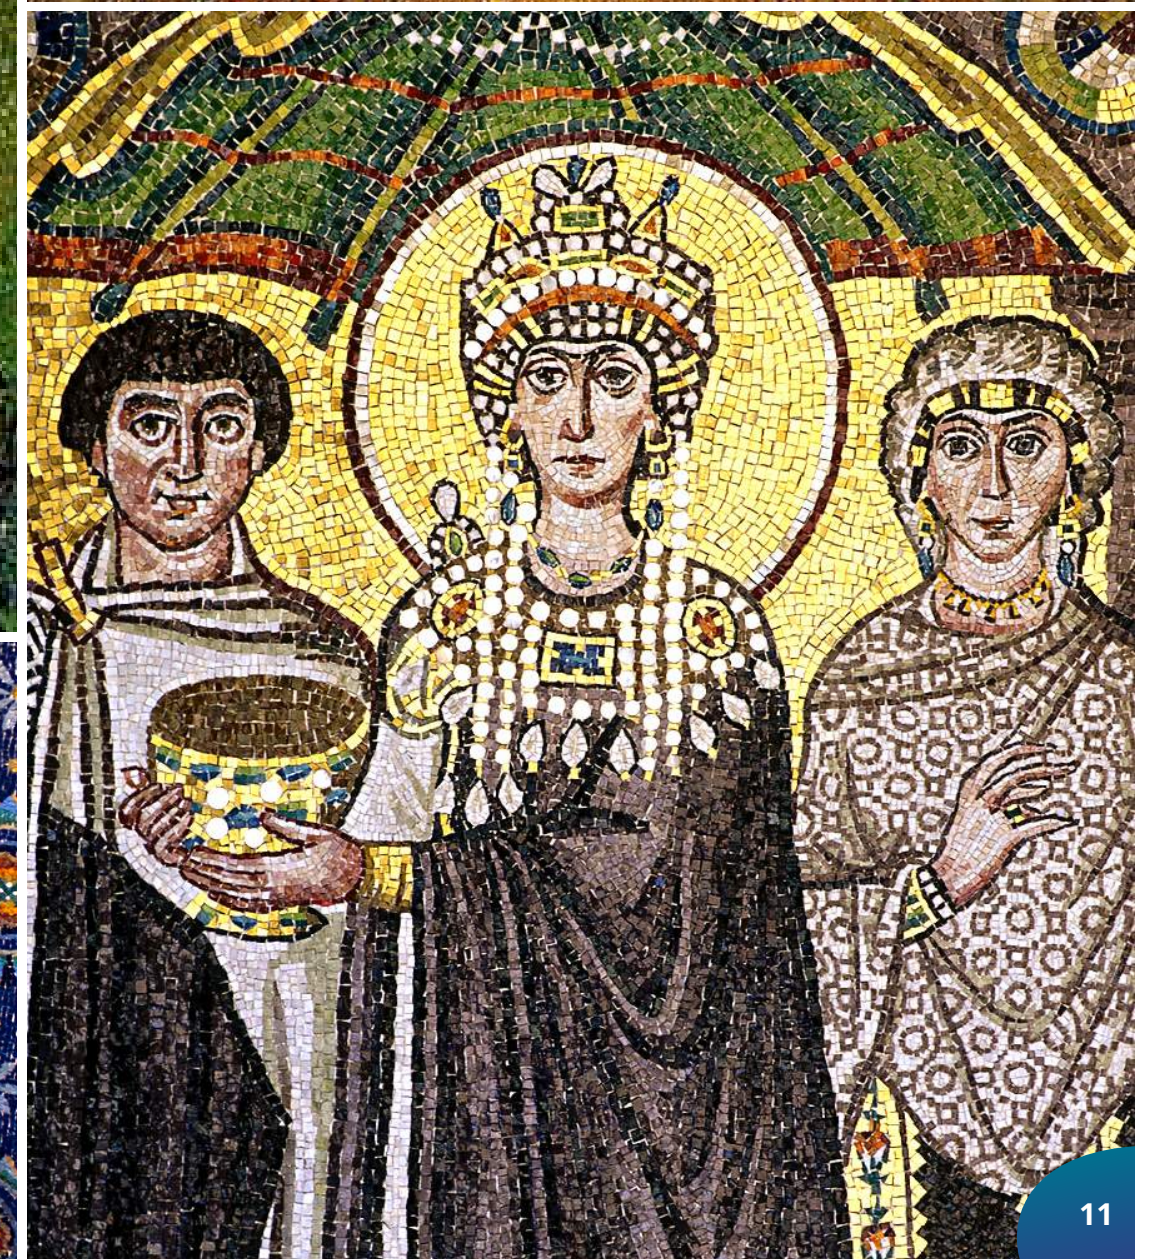

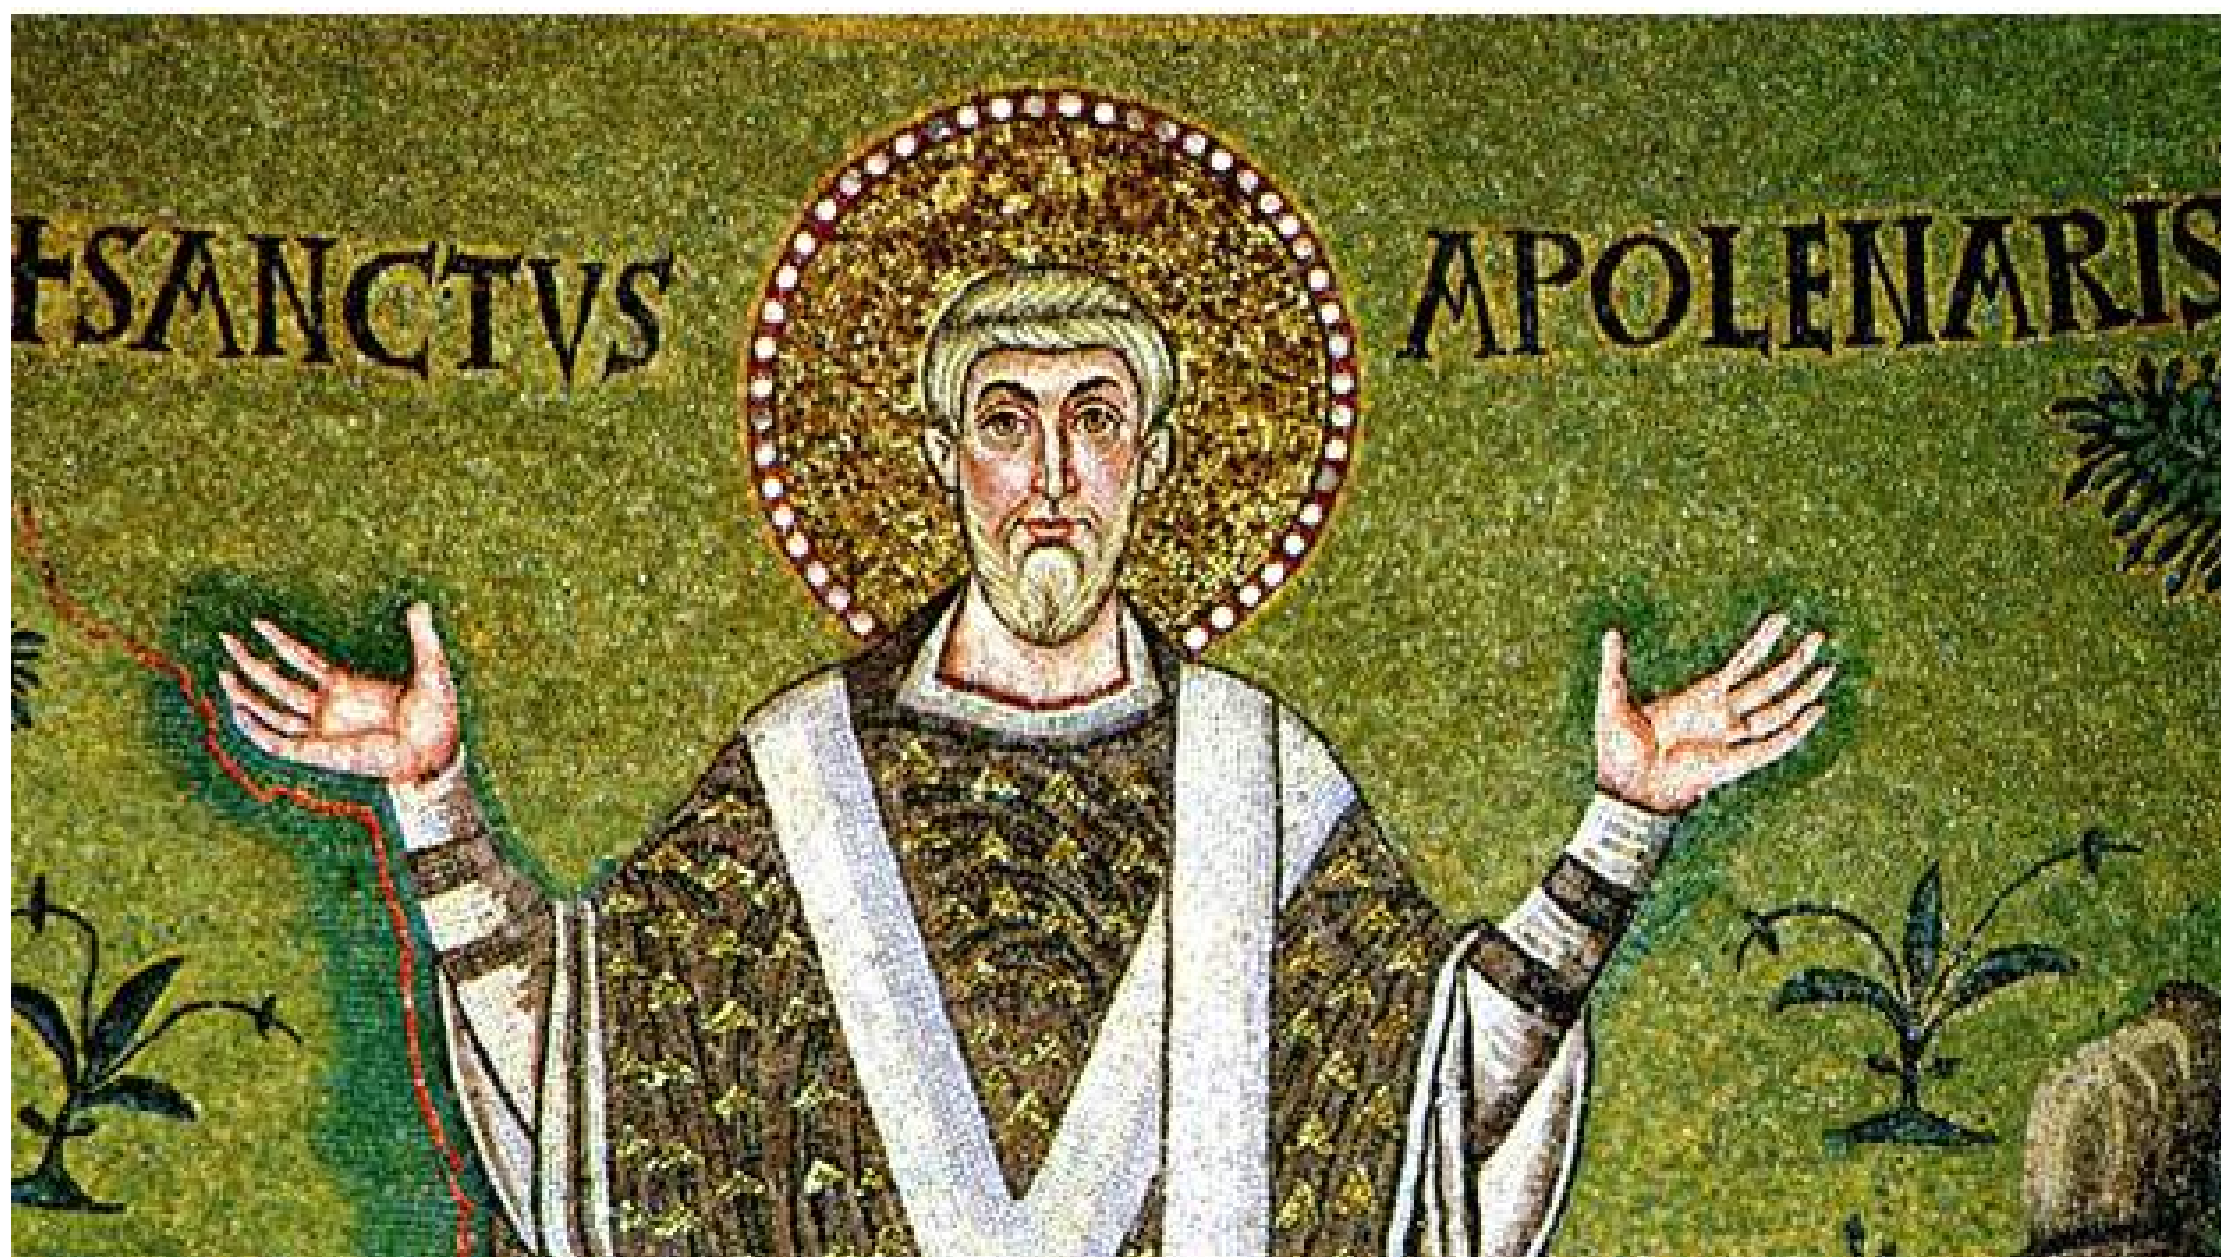

In Ravenna you can admire the **most beautiful** and well-preserved ancient mosaics in the world. Constant study of these masterpieces has meant that Ravenna has always kept alive its priceless expertise in this field, and the quality of the “Ravenna School” remains outstanding.

To get into this wonderful world of mosaics, you don’t need any prior knowledge nor a particular flair, just a little perseverance and patience! **Everyone can express their artistic nature** and creativity through mosaics.

Our basic course consists of one week of Italian language class G/20, combined with 12 or 24 theory and practice lessons on mosaic art, at one of the many labs in town.

# At the heart of Italy

## YOU CAN BE ANYWHERE IN NO TIME

The town is situated in a **strategic** position close to the sea and the magnificent nature reserves of pine trees.

The area surrounding Ravenna also offer an incredible variety of natural scenery such as extensive fruit groves, lagoons and canals lined with the typical local fishing nets, swamped forests and - a few kilometres away - the hills that gently roll towards adjacent Tuscany.

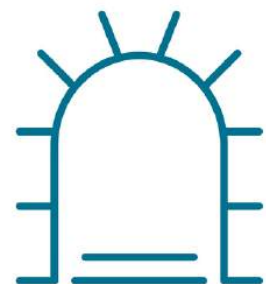

Major artistic cities, such as Bologna, Ferrara are at approx one hour from here, and **Florence** or **Venice** can be reached in max two hours. And even the eternal city Rome is only about four hours away by car.
