

OUR STUDENTS

ALEXANDER / DENMARK

"I've been living in Shanghai for over five years and tried many different schools. At Silk Mandarin I've had the best experience by far and always recommend it to my friends that need a place to study Chinese. They make it fun, they care about your learning, and it works... I started around HSK 2/3 level and am now 6. Have introduced many beginners also who loved it and still go many months after starting."

SIMONE / USA

"The big things Silk Mandarin does is teach you the logic of the language, using the Slow Motion Technique, a very straightforward and easy to understand method, but one that I'd never heard anything about before in university or other private schools. Once my teacher started teaching me this, so many pieces were coming together for me in terms of sentence structure and how Chinese works. They are incredibly friendly and flexible and cool, but they also really know their stuff!"

ANA / BRAZIL

"I have studied in two other Mandarin schools (one being in Shanghai as well) and Silk Mandarin is by far the best!!! They offer the best classes, very fun and dynamic, great teachers plus the super friendly staff, they truly make you feel at home! You can feel that they really care about the students and making them learn as fast as possible! I would 100% recommend to everyone!"

DANIEL / NETHERLANDS

"Over the last few years I have tried over five different Mandarin schools and found that Silk Mandarin is by far the best. The teachers and the management are all extremely involved and passionate about teaching Chinese: it really is something special!"
