\* Based on latest information received from respective transportation service providers.

Kuala Lumpur is the capital of Malaysia, a democratic federation in Southeast Asia. The city began as a tin mining settlement during colonial times and is now the financial and commercial centre of Malaysia.

With a population of almost two million, it is one of the most vibrant and diverse cities in the world. Mainly occupied by the Malays, Chinese and Indians, the three major ethnic groups in Malaysia, it is also home to other local ethnic groups who had migrated here. KL also hosts a large population of expatriates from all over the world who came to work.

The native language of Malaysia is Bahasa Melayu (or Malay) however, as a former British settlement, English is widely understood and spoken by a large majority of residents. You will also hear a variety of Chinese and Indian dialects spoken across the city.

Kuala Lumpur is within a larger metropolitan area called Klang Valley or Greater KL where a wide range of student accommodations can be found. The valley is connected by an efficient public transportation system mainly made up of rail and bus networks.

Blessed with a warm tropical climate, the city offers a wide array of attractions ranging from historical building, natural wonders to huge shopping malls.

Located at the very heart of Southeast Asia, it is a convenient hub for travelers looking to venture out to the white sandy beaches, tropical rain-forests and other places of interest within the region.
