**Courses:** Seniors will be mixed with other nationalities. **Where possible** there will be special focus on Irish Culture and Literature with some special lectures for the senior students. The amount of special classes will depend on the number of students. We already are trying to promote a new course for Irish Literature and Culture on certain dates which is aimed at senior teachers. **So the aim would be to include some of your seniors in some parts of this course.**

**\*\*We will try and always put the students in a class with others of the same age as we have a continual supply of high ranking military officers from Spain and also medics from France. However at times there may be a mix of ages depending on the number of seniors and the levels of those seniors.\*\***
