Accommodation

# Time4London Host Family

This accommodation option is best suited to those who wish to experience English culture up close, learn its customs and practice and discover new vocabulary. You will have your own individual room or, in the case of the younger ones, a double room shared with another student.

# Share flat

This option is the most popular since you will have the experience of living with other students. Every person has his or her own room and would share the facilities (living room, kitchen, bathroom, television, etc...) with your other classmates.

## Accommodation

# Student Residence\*

If your dream is to live in a student residence like in the American movies this is your big opportunity. Meet students from other parts of the world, learn about their culture and make lifelong friends.

\*The minimum stay must be 11 months, full school year and the student must be of legal age.
