SUMMER EXPERIENCES

Your summer starts here

Our summer programmes combine learning, exploration and action packed opportunities, across the UK and Ireland.

In 2023 we have 7 summer centres, selected especially for their locations, facilities and welcoming atmospheres. Because we know that different people benefit from different environments, students can study with us in vibrant cities, seaside towns or rural settings across England and Ireland.

As always, our goal is to engage and educate students through a syllabus of English tuition and exciting activities. We have British Council accredited tuition in the UK, ACELS and EAQUALS accreditation in Ireland. We also offer a variety of excursion destinations and activities to choose from.

Summer Tuition and Activities

Our Summer Programmes are developed to offer enjoyable student experiences by combining tuition with comfortable accommodation, fun activities and excursions.

We use the communicative teaching method and project work to create a fun and entertaining teaching approach for students. Our courses will help them learn language skills they can use outside of the classroom, in the real world.

Our teachers aim to help students:

- Develop their English skills
- Build their confidence in using and understanding English
- Improve their pronunciation and expand their vocabulary

Activities

We design our activities to support our tuition. The Activity Programme aims to ensure that every student has an enjoyable experience while encouraging them to practise their English outside of the classroom. Sports, arts and crafts, photography club and scavenger hunts are just some activities that keep them busy in between lessons.

We also have fun games and activities to keep students busy during the evening hours. Students can dance the evenings away at discos, show off their more competitive side in quiz nights or socialise with their new friends at a talent show or a film night.

Student excursions

Students have the chance to see more of the UK or Ireland with exciting weekly excursions. These vary by centre, but students can visit popular and historic areas, such as Oxford, Brighton, Cambridge, Glendalough, Ardgillan or Skerries to discover more about the history and culture of the UK or Ireland. Our excursions and activities are linked to the lesson plans and give students more opportunity to socialise while practising their new language skills.

Taking learning outside the classroom

Our options are carefully chosen to make sure the standards meet our students' expectations. Our accommodation options for summer include homestay and residential, each including three meals per day.

Homestay accommodation

When students stay in homestay accommodation, they have an opportunity to practise their English outside of the classroom while living in a nice environment. We also work with organisers to make sure that homestay accommodation meets our high standards, and our students are safe, comfortable and happy with their hosts.

Residential accommodation

Our accommodation is different from centre to centre. While some centres offer single or double en-suite, others offer shared rooms and shared bathrooms. All include a weekly laundry service, common areas for students to enjoy and plenty of outside space is available for activities.
