Hospitality Training Programme

The Hospitality Training Programme in the Republic of Ireland provides the opportunity to anyone looking to improve their English through an English Language course at our school in Dublin, followed by an optional placement into a professional hospitality environment. During the length of the optional placement, candidates will have the ability to practice their English language skills whilst gaining valuable work experience and earning at least the Republic of Ireland national minimum wage.

The Republic of Ireland has a huge shortfall of labour in the hospitality sector, especially in the more rural, naturally beautiful locations such as:

- County Kerry
- County Roscommon
- County Clare
- County Tipperary
- County Kilkenny
- County Meath

We do not offer any placements in city locations, therefore if you were to join this programme you should expect to be placed in a rural touristic location.

This programme combines a 4, 8 or 12 week English course at our school in Dublin school with the option of taking on a complimentary service where we organise a paid work experience in the hospitality sector to complete your English Language development.

What IS included

- Twin e-Learning access from time of booking until three months after you have completed the programme
- 4, 8 or 12 weeks of General English tuition (15 hours per week, 9am-12.30pm Monday to Friday)
- One to One CV Improvement Session with a Twin Work Placement Officer
- Paid work experience of 4-12 months (optional)
- Access to our multilingual student placement team for help and support
- Letter of Reference (on completion of work placement)
- Twin Certificate of Achievement (on completion of work placement)
- Arrangement of your accommodation at the host organisation, but rent is still required to be paid (usually ranging from €100-€200 per week but this varies from company to company)
